Dive Friends Bonaire Launches the "Bonaire Easy Flight" Program

Kralendijk, Bonaire, Netherlands Antilles, September 25, 2008

Dive Friends Bonaire announces the launching of its new Bonaire Easy Flight Program, to assist Bonaire-bound visiting divers with containing travel costs necessary to transport dive equipment.

Some Bonaire visitors have been already affected by new baggage fees being assessed by airlines, especially if they have domestic segments or layovers in the itinerary. Additionally, some U.S. airlines have already increased the fee for a second checked bag to \$50.00 one way, so packing dive equipment now can be a costly luxury.

To counteract these additional fees, Dive Friends has a new program available January 1st, 2009 and effective the entire year. Any diver who books six consecutive days of diving can receive a package price with full dive equipment included at a discounted price, thus alleviating the need for extra baggage fees or the inconvenience of having to transport gear. Of course, dive packages may continue to be booked without equipment, too.

Divers who reserve a minimum of six consecutive days of unlimited shore diving and full equipment are eligible for a package price of \$350.00.

Divers who reserve a minimum of six consecutive days of unlimited shore diving, three two-tank boat dives, and full equipment are eligible for a package price of \$435.00.

Restrictions do apply and sales tax is applicable; packages for diving and equipment must be booked a minimum of fourteen days prior to arrival, and the offer is subject to availability. Rates are subject to change without notice.
