Dive Friends Bonaire Upgrades Retail Equipment Facilities with SCUBAPRO and Mares

Kralendijk, Bonaire, Netherlands Antilles, December 7, 2009

Diving is an equipment-intensive and dynamic sport, with new evolving technology which continually makes it safer while increasing the fun and enjoyment of diving. In order to provide the best to its customers, Dive Friends Bonaire has recently upgraded two of its facilities with a full line of equipment from either SCUBAPRO or Mares. All are invited to stop in to see the latest offerings from these manufacturers, and the knowledgeable dive crew at either Dive Friends facility can assist with making important decisions about equipment.

SCUBAPRO Dealership at Dive Friends @ Yellow Submarine

Dive Friends @ Yellow Submarine is pleased to announce that this facility is now an official SCUBAPRO dealer. The interior of the dive facility has been remodeled to highlight the full range of SCUBAPRO equipment, which is now available for sale on Bonaire.

At this location, customers will be able to choose from the popular Vu, Solera, and Orbit masks with Laguna, Escape, and Eclipse snorkels. Both the men's Knight Hawk and the women's Lady Hawk BCDs will be available with the MK2 regulator line and R295 octopus. There's also a choice in exposure protection with Profile wetsuits as well as the Caribbean shorty. UWATEC/Aladin instruments and computers are offered.

SCUBAPRO UWATEC is one of the industry's premier manufacturers of scuba diving equipment, and, by utilizing their equipment in the rental department at Dive Friends @ Yellow Submarine, visitors who require rental equipment are assured of having the best available to them.

MARES at Dive Friends @ Dive Inn

In order to provide even more choice, Dive Friends Bonaire will be revamping their Dive Inn location into a retail center for Mares products. For nearly 60 years, Mares has been recognized around the world as a leading manufacturer of technologically advanced diving products.

At the Dive Friends @ Dive Inn facility, customers may choose between Liquid Skin masks and goggles, the extremely easy swimming Avanti fins, as well as a wide assortment of Mares regulators and BDCs.

Both SCUBAPRO UWATEC and MARES products will also be available at Dive Friend's two retail stores in Kralendijk—Dive Friends @ Dive Retail Outlet and Dive Friends @ Divers Discount—both located on Kaya Grandi. In addition to these two new lines, the retail stores will continue to stock the best equipment from Sherword, Cressi, and Tusa.
