Dive Friends Bonaire Hosts Ninth Bonaire Web Cam

Kralendijk, Bonaire, Netherlands Antilles, June 4, 2007: Dive Friends Yellow Sub is now hosting the ninth web cam on Bonaire, which features a view of their dock and the anchorage and ocean-side promenade fronting their Kralendijk facility.

With image captures every minute, the tourists diving at this facility can now wave to friends and family as they enter the water for a dive, or simply re-live their memories when back at home by visiting the archives (a nominal membership fee is required to access the archives). Another unique feature for those who find their images captured on the Yellow Sub Pier Cam is that they can send an e-postcard of themselves over the Internet and via the archives.

This cam will prove to be exceptionally popular each Monday night when Dive Friends hosts their weekly Pier Rum Punch Party. The current view of the cam is prominently displayed on the main page of Dive Friends' web site at <http://www.dive-friends-bonaire.com> as well as at <http://www.bonairewebcams.com>.

The Bonaire Web Cams have proven themselves to be very popular with visiting tourists from around the world, and have, on their own, become famous, from the award-winning underwater cams, to the beach cams, DonkeyCam, Downtown Cam, and WindsurfCam. Many Bonaire visitors plan at least one trip to the cams to wave to family and friends back home and now the Yellow Sub PierCam makes this very easy. www.bonairewebcams.com receives an average of 200,000 visitors per month, with an average of 2,000,000 page views per month.

Dive-Friends-Bonaire is one of Bonaire's premiere and innovative dive facilities with locations on the oceanfront promenade in Kralendijk, at Hamlet Bonaire, and at Port Bonaire. They offer all the services of a large shop, while still providing personal service. For additional information or to view the Yellow Sub PierCam, visit <http://www.dive-friends-bonaire.com>. Those interested in additional information may email info@dive-friends-bonaire.com, or telephone or send a fax to +(599) 717-2929.
